## Current Events

*During the last quarter being the starting of academic year several activities were taken place in the AVG.*

### New Admissions

As per policy of AVG the screening committee conducted direct interviews on 17.06.2007 to the applicants who have applied for admission in accordance with the press note issued by the AVG Management Board in May, 2007. Out of the 60 applicants aspiring to pursue various courses of their studies 20 candidates were selected for admission to AVG for the academic year 2007-08.

### Academics

Among the selected 20 students, 5 boys to join Inter, 13 boys to do their Degree and 1 student of Polytechnic and 1 boy of Engineering. With the admission of 20 new students the strength of AVGIANS stands at 40. Out of the 20 incumbents 3 boys are in Inter, 12 boys are in Degree and 3 are doing their Engineering and 2 boys are to join Engineering.

### Board Meetings

To chalkout activities of current academic year and deliberate on other issues particularly the ever lasting issue of land and permanent building facility to the AVG, Management Board met on 03.06.2007. At the outset the President, General Secretary and other Office Bearers were authorized to take all possible steps to get a solution to the land & building. And for conducting interviews for new admissions the Board has appointed a screening committee comprising of the prominent Academicians, Philanthropists and some of Board Members viz., Sarvasri P Sambasiva Rao (Chairman), G Kondal Rao, Dr Martha Rajesh, Dr Baby Akula, K Vamsi Krishna, K Srinivasa Reddy, V Ashok Kumar and M Rajesh (Member Convener).

### from Editorial Desk.....

Dear Subscribers, Donors & Wellwishers,

*It is immense pleasure to us to address to all of you to acknowledge your ever lasting and continuous patronage for the shelter of needy & deserved the Anadha Vidyarthi Griha. We hope many of you have already visited the AVG and we are sure you found it was only by words 'Anadha' Vidyarthi Griha but all in its deeds it was 'Adbutha' Vidyarthi Griha. On behalf of the Management Board and the Avgians we welcome all of you who ever yet to visit the AVG to make it convenient soon which will go in the long way to boost and motivate the spirit of more people concerned with humanity. Here we would like to mention ever lasting burning problem of AVG that is providing permanent accommodation for the AVG. In this regard all out efforts are being put to pursue the issue with government at all levels for last several years. At last, the Board was successful to have a direct meeting recently with the Hon'ble Chief Minister with a request to extend helping to the oldest and deserving shelter of orphans the AVG by granting a piece of land (housing plot) in the surrounding area of Hyderabad - Malakpet to Hayatnagar - which was accustomed to the AVG for years together and also availability of educational facilities to the Avgians. We appeal to all of our wellwishers to help in solving the burning rather immediate hurdle of the AVG. We shall post you with the developments in this regard from time to time.*

## **NEED OF SOCIAL SERVICE IN THE PRESENT SOCIETY**

by V MAHESWAR

Out of all creations created by the god, the noblest form is Human Being. As the five fingers are not equal, even in the society also all are not equal. Some are rich and some are poor. The empathy we show, we call social service with the objective of giving back to society.

If we close our eyes and cradle our thoughts we aware of the fact that journey between birth and death is life.

Some people may be much “materialistic thinking about wife, children, movable and immovable properties. Once if we look at the other side of the coin we come across millions of our fellow brethren how they are deprived of basic needs of food, cloth, shelter. We get tears once we think of them.

Let us recall the words of Mother Theresa “I may not wipeout the tears of all the suffering in this world if I can do so even for a single person that the service I am offering to god”. Once we realize this, servicing the society becomes part of our life and humanity spreads all over around us.

A man may earn and become a billionaire but not even a cent follows him. The richest man Bill Gates started Gates Melinda Foundation, Warren Buffer announces 31 thousand crores donated to Gates Melinda Foundation. Bairraju Foundations of Satyam Ramalingaraju Matrix Prasad who announced 200 crores, are the best examples of “give back to society” to support the needy.

“*Manam thinedi mannu - prakkavariki pettedi paramannam*”. Once we analyse this Telugu saying, many philanthropists will emerge in the society to help the deserving.

To realize the meaning and purpose of life one should give “space” for social service in their life to reach the unreached cloth the unclothed shelter the unsheltered and offering food to the needy is charity. Offering educational help to the talented poor is greater and noblest deed.

To quote the words of Swami Vivekananda “don’t give a fish to the hunger but teach him fishing”. In our society talented poor students are ending up in petty jobs and if we can stand by them they can prove them selves and become responsible citizens of our country and serve the society when settled.

*Coming together is beginning keeping together is a progress working together is success. So..... Let us all work together for the better society.*

*Message:*

**To Us All Who Are Concerned**

Our endeavour is to provide a level playing field to the less fortunate, but who are bubbling with zeal and grit. We never felt that we are alone as we have the support of like minded people like you all. It is said if we can wipe a tear from an eye, it is equal to thousand prayers. Our will is driven by empathy and compassion and the reward faces like lillies in bloom. Our effort will continue with the support of angles like you. May you tribe increase.

Let us all do our duty for that is the rent we pay to the Almighty for giving us this life.
