**A dream is realised !
 A wish is fulfilled !
 A hurdle is removed !**

Yes, this all happened to AVG by getting a piece of land allotted by the HUDA to acquire own building for which it has put tireless efforts for several years. Now the money matters highly for constructing the building. It is a strong belief that the New Age Philanthropists (NAPsters) certainly appreciate and come forward to take part in launching of the prestigious project the AVG Golden Jubilee Home. Here it is pertinent to visualize that one side the number of Indians is rising in the Forbes list, on the other side even in case of primary needs of living our present day society is seeing alarming inequalities in reaching the poorest and the wealthiest. The AVG has been striving in its own way for the last nine decades to combat such a social cause of helpless orphans and poor students. Thus, it can be definitely adjudged that the AVG is a right platform for the NAPsters to exercise their power of benevolence and philanthropy.

THOUGHT - TALK - HUMANITY

The Real Success / Victory

(A Saint Talk)

The recent trend in Society which is gaining momentum is that no one bothers about others. By hook or crook they would like to win. After all success matters for them. The real Victory is not that which comes either out of suppression of his enemy or by defeating him. We do not know when the anger of our enemy pulls us down. The Victory or success is not at all real when you get it by humiliating some one. Even it is not an ethical or moral victory because it doesn't give profit, happiness or satisfaction. We may get luxuries and comforts but they may be snatched of any moment of time, then it pains us a lot.

The nature of 'humiliating some one' kills one's natural talents, without taking asylum in the shed of 'Dharma' if a man is craving for position, fame and glory the introspection, injustice and sadness grows. The real Victory means not only yours even others well being should be there. At that very moment you may not experience the 'Change' but in the long run both are going to be benefitted.

By Sacrificing 'Selfishness' as a truthful, workminded, well wisher, dynamic person if you can mould yourself you are going to achieve success, justice, Victory.

A single wise man can do good to millions but hundreds of ignorant together can't do single good thing.

Who are wise ? Who follow Dharma, who do good things for the society even amidst number of hurdles, who love the god and deserve the blessings showered by him.

Many feel, but only a few can express.
 It is the power of expressing one's love and appreciation and sympathy for others, that enables one person to succeed better than others.
