QUARTERLY NEWS JOURNAL FROM:

(An Orphanage With a Difference)

Dear Well-wishers,

"Our Prestigious AVG Building is Slated for Foundation Ceremony soon.... "

With the blessings and support of 1800+ well-wishers like you our AVG has now become an epitome of confidence to the orphans and the deserving and needy students who are determined to pursue their studies in Hyderabad. This transformation has not taken place over night. Years of struggles, efforts, team work, relentless hard work of inmates and the board of management has over a period of time brought about all round development and progress. Adaptability to the hostel atmosphere from their previous rural/urban background. Though the inmates hail from different parts of AP there is only one philosophy that is to be successful in their career and responsible citizens of tomorrow. Imparting personality development classes have been a tradition of AVG.

Astonishing and shocking experience is seen in the government managed hostels, but **things are different at AVG** with inmates having study atmosphere enjoying all facilities free of cost provided with extreme warmth, care and affection. AVG is a reflection of strong bondage between the inmates as well as the board of management who are committed to value based approach to life and society.

Despite constraints of financial resources, man power resources and challenges large hearted philanthropists like Sri Sudheer Reddy garu , Former Chairman HUDA, Sri Upender Reddy garu, Chariman M/s INFRA TECH and Management of Shirdi Sai Baba Sansthan, Amberpet, are our source of inspiration and motivation.

The above names to manage our hostel are only illustrative and not exhaustive. We are anxiously looking forward for early construction of permanent building in the site allotted by the HUDA. Once it is completed the AVG can embrace many more needy students.

The blessings of each one of you will propel all of us to undertake many more developmental activities. We take pride in submitting to you that we have many meritorious students among the inmates with all India 34th ranker in GATE and got a seat at IIT (Delhi) for M-Tech, campus topper post graduates, graduates, inter students have come out with flying colors. When once the construction process starts which awaits the formal approval of plan by the GHMC, **we need your support and patronage.**

Come LET US ALL JOIN TOGETHER to fulfill the dreams desires and goals of these deserving orphans. We'll be reporting to you all developments of AVG from time to time. We are also making arrangements to update our website, www.orphanage1919.org which can give you in-depth evaluation of AVG.

We appeal to you to visit our AVG and introduce AVG to your friend and relatives. That is the biggest support we need from you all.

Let us bring cheer, smile, hope to the hopeless.

With regards,

(C V RAGHUVEER)

AVG in a word.....

Being a self administrative social organisation running cent percent on the voluntary subscriptions and donations by the philanthropists for several years the AVG has been striving for providing all round support to the orphans, semi-orphans and the deserving poor boys to accomplish their dreams of higher studies. The boys selected in the interview for admission into AVG will be provided with free lodging, boarding, living cloths, general expenditure, text books, note books and other study expenses. Even the AVG helps the boys to get admissions mostly on compassionate grounds in reputed colleges & institutions in and around the Hyderabad city, as per their merit and eligibility to pursue various courses and degrees including professional courses like engineering, computers, business administration etc. In fact it is most appropriate to say that if a student got admission in the AVG is a great turning point in his life as the AVG stands by all along an AVGian to pursue his higher studies without any hurdles.

The boys planned to organize the water camp day around during all the summer by every AVGian participating in the water camp service on turn basis alongwith their daily schedule. Ofcourse the AVGians are being taken care of by the society at large in pursuing their studies and even for doing such social service as a reciprocate, the boys are well motivated and encouraged with requisite financial support by many social spirited personalities and philanthropists. The water camp was formally inaugurated by Sri Sambasiva Rao, AVG Vice President, in the presence of Sri M Rajesh, AVG Secretary and Mr Mahatma AVG Org. Secretary and other well wishers. A well wisher Sri M Ashok, came forward to bare the water supply charges. The Secretary Sri M Rajesh appreciated the AVGians and the well wishers for taking up such a social service.

Education and Nature !!!

Education should lead us to Humility. In turn, it will equip us with all the eligibility. Eligibility provides us with necessary material Wealth and enables us to do some Charitable Deeds. Charity makes us Happy and reveals to us the truth that Education does not mean only giving meaning to the Words. Our Education is not measured by how many degrees or diplomas we hold or how many exams we passed. It has to be valued not as a means of earning one's livelihood, but as the essential requisite for a Happy, Peaceful and Progressive Life.

Abraham Lincoln is an excellent example for us to know how Education could make a person humble and great, bright like a polished Gem. A very interesting story about Abraham Lincoln is to be known here is;

Abraham Lincoln was the President of the United States when the country was facing one of the most crucial civil wars. The situation was so serious that the President George Pickett, who had known Lincoln in Illinois, years before, joined the Southern army, and by his conspicuous bravery and ability had become one of the great Generals of the Confederacy. Towards the close of the war, when a large part of Virginia had fallen into the possession of the Union army, the President lost his temper and became so angry with General Pickett. One day Lincoln himself called at General Pickett's Virginia home. The General's wife, with her baby on her arm, met him at the door. - 'Is this George Pickett's home?' Asked the President. The General's Wife could not believe herself that Abraham Lincoln was standing in front of her. She had never seen him, but she knew the ! intense love and reverence with which her husband always spoke of Lincoln. With all the courage and dignity she could muster, she replied in a shivering voice; 'Yes, and I am his wife, and this is his baby.' He replied; 'I am Abraham Lincoln.' - 'The President !' she gasped. Lincoln shook his head and replied; 'No, Abraham Lincoln, George's old friend.' 'The baby pushed away from his Mom and reached out his hands to Lincoln, who took him in his arms. As he did so, an ex-pression of rapt, almost divine tenderness and love lighted up the sad face of Lincoln. It was a look that the General's wife had never seen on any other face of his position. The baby opened his mouth wide and insisted upon giving his Dad's friend a dewy kiss.

Lincoln forgot the fact that he came there to warn the General. While giving the little one back to her, he spoke to the little kid; 'Tell your Dad, the Stupid, that ! I forgive him for the sake of your bright eyes.'

Whatever we learn through Education and also from our Lives have to be practiced and used for the welfare of the Society. It is so true that the Wealth of one's Education makes his / her Heart Softer and his / her Character more Cute.

Every letter in Education conveys a message for us;

" E " for Enlightenment

" D " for Duty and Devotion

" U " for Understanding

" C " for Character

" A " for Action

" T " for Thanking ,

" I " for Integrity,

" O " for Oneness,

" N " for Nobility

It is so true that Education without Character, Politics without Principles and Commerce without Morality will not Last Long.

Let us all use the brightness of Knowledge to make our Heart a Lotus, unfolding its petals when the Sun rises in the sky, unaffected by the slush where it is born or even the water which sustains it.
